

WHO IS SUITABLE TO BE A MODEL FOR THE ADVANCED BOTULINUM TOXIN COURSE & FURTHER INFORMATION

AS A COURSE DELEGATE PLEASE READ

Please bring along your own model for this course.

If you can't find a model let us know within 3 days of booking your course.

Please read this information sheet as it will help you to find a suitable model & tells you what is required of your model

It is important to discuss with your model in advance what is required of them using the information below. This will ensure there are no issues regarding consent on the day of treatment.

TREATMENTS WE ARE WORKING ON –

On our Advanced Botulinum Toxin Training Course you will pick two of the following treatments to work on during the practical day:

- Gummy smile
- Masseters
- Bunny lines
- Smokers lines
- Dimpled chin
- Downturned mouth
- Nefertiti lift

Please find a suitable model who will consent to having the **2 treatments** you have chosen from the list above. You can only bring one model with you.

You will also work on hyperhidrosis and platysmal bands however we will supply the models for this.

If you are unsure of the areas you would like to work on, feel free to give us a call to discuss.

What Makes a Model Suitable:

- Over 18
- In good health
- Has suitable treatment areas (e.g. can see wrinkle lines)
- Has had treatment before / Is comfortable with needles

What Makes a Model NOT Suitable:

- Pregnant or breastfeeding
- Has had botox in the last 3 months
- Has an active cold sore
- Scared of needles

Please note models will be required to fill in a medical history form so we can ensure there are no medical conditions or medications which rule them out.

****Please refer to our model terms and conditions regarding patient suitability and medical exemptions etc****
